

JEFFERSON CO. FIRE DISTRICT NO. 3
Port Ludlow, Washington 98368

September 29, 1976

A special meeting for the reading of the preliminary budget was held after the regular firemen's meeting, and Aux. meeting on September 29. Dennis Hannan, Chairman of the Commissioners, explained the proposed budget to the entire group.

Following the explanation a special Commissioners motion was made to adopt the budget and make up a resolution to this effect, taking into account funds that might be available from Trident. Motion made by E. Udd, seconded G. Hansen, all commissioners voted in favor.

There were about 11 firemen, including commissioners, and 15 aux. members who attended the meeting.

It was noted the very favorable vote received by the department at the recent election for lifting the 106% limit in order to purchase the new aid car.

Respectfully submitted,

Alyce M. Hansen Secretary

Approved Gene A. Hanson
